You won't need to use it for long before you feel the **impact**. Consistent use in just 10 minute chunks is proven to support **achievement** right up to A*.

It will help you get organised

Create personal podcast playlists to listen to in the run-up to a test or to help with **homework**.

Use the viewing history feature to return to podcasts you found useful or access your **favourite playlist** to go over topic areas you find difficult.

Download **exam specific playlists**, with everything you need to know for that exam all organised for you.

It can be as discreet (or loud) as you

Listen to GCSEPod podcasts anywhere with nobody knowing what you are doing. Listen **privately** on the school bus, when you're walking the dog or shopping in town.

If you want to show off just how much work you've been doing or even recommend a podcast to a friend you can use the **social networking** links on the site to connect with others.
